## Victor Lopez, Full Stack Developer

I am a software developer interested in new technologies: mostly self-taught; I have over 4+ years of experience on fullstack development using Java (backend) with Spring and frameworks like Vuejs, Angular, Javascript/Typescript (frontend).

At the university I learned mostly Java, but I handle various languages such as JavaScript, C#, Python, among others.

### Employment History

#### Frontend Developer at minu, Merida, Yucatan, Mexico

January 2022 — July 2022

- Involved in complete SDLC life cycle - Designing, Coding, Testing, Debugging and Production Support.
- Created a custom hybrid mobile application using **VueJS, Capacitor and Javascript stack** for IOS and Android platform deployment.
- Developed web pages using: **HTML 5, CSS3, JavaScript, Vuejs** and experience in making web page cross browser compatible.
- Created dynamic email templates using **MJML** and deploying them to **SendGrid**.

#### Fullstack Developer at Sahfer Consultores, Campeche, Mexico

September 2018 — January 2022

- Worked on various projects, all projects had a common backend: **Java with Spring Framework**.
- Created a cloud-based webapps (using **Google Cloud Platform & Google App Engine Standard**).
- Developed web services using **Microsoft Visual Studio, C# (WCF)** to connect the cloud webapp to a local server, using **Entity Framework** to insert data into a **MSSQL Database**.
- Designed and implemented web applications using **HTML5, CSS3/SCSS, Angular 8/10/11, Javascript/Typescript, NodeJS**.
- Designed and implemented a internal framework combining the tools used in the organization: **Google AppEngine API, Google Datastore API, Spring Framework & Angular**.
- Created a Windows Service to synchronize data from **MSSQL Database** and keep it up to date on the cloud **Datastore**, leveraging **Microsoft SQL Service Broker & Entity Framework**.
- Created reusable components in **Angular** leveraging Typescript OOP for abstraction and generalization when possible.

### Education

Computer Systems Engineer, ITESCAM, Calkini, Campeche, Mexico
